## **AGM Postponement**

Dear Member

Given the spread of the new strain of Covid it is no surprise that we find ourselves in another lock down situation, which means the club will continue to be closed.

As a consequence of this I have no option but to postpone the AGM which would have taken place on Saturday 13<sup>th</sup> February 2021. As it is likely to be sometime before we can reschedule the meeting and to enable the club to continue running smoothly, the committee have agreed that all nominations which have been proposed and seconded for the 2021/22 committee year should be treated as being accepted from 13<sup>th</sup> February 2021.

This means that the present Officers will continue to serve for another year and that Nigel Watsham can take over from Cas Marshall as Honorary Secretary and Steve Cowell can take over from Mike Whiting as Fishing Secretary.

The committee agreed a change to Rule 3a in September increasing the Presidents term from one to three years. Therefore Jennie Sampson will continue as our President. All these changes will still have to be ratified by a AGM once the restrictions are eased sufficiently for us to safely hold it. I will advise you of the revised date due course.

Please check our Website and Facebook pages for all the latest updates.

In the meantime I wish you all well, please stay safe.

Thank you for your support

Peter Harris -Commodore
